OFF GRASS FEMALE SALE

Recognizing that there are many good quality, well bred purebred cattle whose owners are not set up to fit them for the Show and Sale, the Tennessee Association has established a new division to its semi-annual sales . . . the "Off Grass" females. This makes it possible for more breeders to consign. The "Off Grass" females have been highly popular with buyers. Lots 33 through 50 are in the Off Grass division. They will not be shown.

However, we want to do our part to make this a strong offering. LADY MYRTLE VIOLET C—A great Edellyn pedigree on the sire's side. Out of one of the first Prince Charles daughters, a granddam by the imported-in-dam Sunset Commando. One of our best families.

Typical of the quality raised in the herds of the Tennessee Shorthorn B r e e d e r s' Association members. This picture of young Polled Shorthorn heifers was taken at the W. P. Hix farm.

**There Are MORE Shorthorns
and Polled Shorthorns . . .**

**MORE Shorthorn and Polled
Shorthorn Herds . . .**

IN TENNESSEE

**Than In Any State South of
the Ohio River**

that is why the Tennessee State Sale is such a good place to buy. Each year this sale becomes recognized as a top source by cattlemen over a wider area. In last spring's sale at Lawrenceburg the cattle were purchased by buyers from six states. The sale where buyers return . . . year after year . . . because here they find the kind they need, backed by strong herds and pedigrees, and here they obtain the most quality for dollar invested.
